eZee Mint
Dynamic Pricing Software for Accommodations
Are You Applying Dynamic Room Rates On Your Property?

Guest demands fluctuate, peak seasons change. Getting the right price for your hotel inventory throughout the year is crucial.

So...

How do you optimize your daily rates to ensure maximum occupancy?

**Did you know**

Pricing improvement by 1% boosts Your profitability by 11%

Thus, demand-based dynamic pricing is essential and plays a vital role in optimizing your revenue.
eZee Mint - A Modern Revenue Management System

eZee Mint is a smart, secure hotel revenue management software that optimizes your hotel’s revenue through:

- Intelligent Pricing Engine
- Past and Present Business Analysis
- Multilevel Property Assessment
- Competitor Rate Analysis
- Real-time Inventory Synchronization
Does Smart Pricing Approach Make a Difference to Your Property?

Intelligent pricing is the heart of revenue management, and it has the potential to enhance revenue, increase RevPAR, save work hours and more.

- Brings 10 to 30% growth in revenue
- Saves 4 hrs of manual work per day per staff
- Offers full control over room rates
- Ensures upto 20% average surge in direct bookings
- Records upto 9% increase in RevPAR
- Brings 10 to 30% growth in revenue

Dynamic Room Rates
Words of Appreciation From The Hospitality Fraternity

Right from onboarding to product training, eZee made it so smooth. The product has potential and will help a lot of the boutiques like mine. Keep up!

MARC
Corporate Commercial Director
at Tree of Life Resorts & Hotels

The times have changed due to covid-19, resort manager need to think a little differently. This software is easy to use and very comprehensive. Thank you.

Kevin Hall
Managing Director,
DigitalRez

Onboarding was seamless and no downtime was required. The team was quick to respond to questions and very knowledgeable when groundwork was required to set up the system. Thanks.
